PROFILE

Product Designer with 4+ years of experience in fintech, insurtech, and SaaS. I integrate AI tools into my research and design process - from synthesis to ideation - while continuously learning new methods to deliver intuitive, research-driven products that bridge design, product, and engineering.

EXPERIENCE

Product Designer

Novidea Insurtech Platform — 2023 - Present

- Led end-to-end UX design for complex B2B workflows, from discovery to delivery
- Conducted user research and usability testing to validate design decisions
- Planned and maintained a design system to ensure consistency across the platform
- Collaborated cross-functionally with PMs, engineers, and stakeholders

Product Design Instructor

Triola Academy — 2025

- Teaching a practical UX/UI course focused on product thinking, research, and prototyping. Mentoring designers on decision-making and presenting work effectively.

UX Designer

Ava trade — 2022 – 2024

- Redesigned core platform experiences, improving usability and engagement
- Designed data visualizations and responsive layouts for complex information
- Created user flows, wireframes, and high-fidelity prototypes for mobile and desktop
- Translated analytics and user feedback into actionable UX improvements

Art director

'Brish Galey' Advertising agency — 2020-2022

- Designed and managed creative campaigns for diverse clients.
- Introduced improved design workflows and enhanced visual execution across media.

Partnership in the management of 'Pardes Chaya' NPO

volunteering

2015- present

Organization and management of tasks in the team, planning and executing periodic events within the association, fundraising and day-to-day management.
